About Aarmed Bio Science Pvt. Ltd.

Founded in 2020 by Mr. Aakash Umesh Asawa, Aarmed Bio Science Pvt. Ltd. is a pioneering manufacturer and supplier based in Ahmedabad, Gujarat. With a steadfast commitment to improving respiratory health, we specialize in producing high-quality Budesonide Respules and a diverse range of pharmaceutical capsules. Our mission is to enhance the quality of life for patients by providing effective and reliable respiratory medications.

At Aarmed Bio Science, we understand the critical role that effective treatment plays in managing respiratory conditions. Our product line includes a variety of respules, such as Aarpium G 25mcg, Salmed IP, and Ipramed series, designed to meet the needs of patients across different age groups and health conditions. Each product is developed with meticulous attention to detail and stringent quality control measures to ensure safety and efficacy. We are proud to offer formulations that cater to both common and complex respiratory ailments.

Our pharmaceutical capsules, including Aarbud F in various dosages, reflect our commitment to innovation and excellence. We leverage advanced technology and the latest research in pharmacology to create formulations that are not only effective but also easily accessible to healthcare providers and patients alike. Our team comprises experienced professionals who are dedicated to advancing the field of respiratory medicine.

As a company, we prioritize sustainability and ethical practices in our operations. We strive to minimize our environmental impact while maintaining the highest standards of production. Our vision is to be a trusted name in the pharmaceutical industry, recognized for our commitment to quality, innovation, and patient care.
