About Alishan Marble and Granite

Alishan Marble and Granite, which specializes in the manufacturing and export of top-notch natural stones, is a major manufacturer and exporter of marble and granite. Our mission is to offer our clients the highest calibre natural stones at cost-effective pricing.

History:

Our business started in the year 2000 and was founded by Ms Amrin Jafferi. We have developed over the years into one of the most respected producers and exporters of marble and granite worldwide. Today, we are glad to deliver the best quality natural stones to customers from all around the world.

Production Method:

Choosing the stone, cutting it, cleaning it, and completing it are some of the processes we take in the production process. We exclusively use the most advanced equipment to ensure the highest quality for our products.

All of our products are made using the best natural stones available, which are sourced from quarries across the world. We take considerable care in both the selection and processing of our stones to ensure that they meet the strictest standards for quality.

Quality Assurance:

Quality control is highly regarded in our industry. A team of certified quality control professionals oversees each stage of our production mechanism. We also periodically assess the quality of our finished products to ensure that they live up to our stringent requirements.
