About Arun Impex Private Limited

Established in the year 1966, we at Arun Impex Private Limited are a leading name in Jamnagar (Gujarat, India) for manufacturing, exporting, supplying and trading a comprehensive range of Precision Turned Brass, Mild Steel, Aluminium, Stainless Steel Components, Brass Forged Components, Bicycle Tire Valves and Zinc Die casted Products at competitive prices across the globe.

Apart from the proficient industry experience of our Founder Mr. Rohan Mandawewala, we owe our growth to the dedicated team, innovative approach and our commitment to deliver world class products at every corner of the world.

Situated in Jamnagar (Gujarat, India), we have constructed a capacious and fully functional infrastructural facility that plays an important role in designing and engineering our entire range with precision. We are driven to use latest equipment and machinery by consistently investing in more advanced technology present in the global market. Moreover, all our machines and partnered machines are best of its kind and with the help of our experienced staff we are surely to meet any of your demands.

Quality Assurance

At each stage, our products undergo a comprehensive quality control program that is strictly followed from initial requirements review till first article approval. For a thorough in-process inspection, we have our own Inspection, Testing and Tooling room which enables us to provide a sound, durable, functional, sturdy and accurately structured products. We are proud to state that we have ISO 9001: 2000 certification by QMI and our products meet the international standards of the industry.

Our Vision

To become a global leader by establishing a cutting edge production set-up which can boast for customized as well as standard components, efficiently meeting the requirements of our esteemed customers in a cost effective manner.

Our Commitment

We are positioned for stable and qualitative material acquisition and our management staffs has instituted a complete system for the efficient planning, purchasing, scheduling and order fulfilment of new and repeat orders.

Our Values

Integrity, respect for and belief in our people, superior quality and customer service, continuous improvement, and responsible corporate citizenship are the core values that drive the company.

Customer Satisfaction

In addition, we have the resources and in depth expertise to fulfil any special orders or unique designs in time. We also undertake production of precision turned components as per the customer drawings. With this, our company offers a quality-oriented management team that collaborates with our customers.

So, we ask for the opportunity to serve our valued customers with quality assured products, prompt delivery services, transparent dealings, experienced advisors, best competitive prices and convenient payment options.
