

We AV Control Systems are a leading and distinguished Manufacturer, Supplier, Exporter, Distributor and Retailer of quality Actuators, Air Pressure Regulator, Boiler Fittings, Burner Parts and Data Loggers.

Eurotherm PID
Temperature Controller

ECM3000F2200 Azbil
Modulating Motor

Delta Modulating Motor

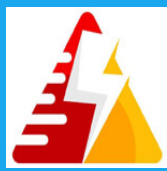

Riello Burners

GECA GAS TRAINS

Silicon Carbide Burner
Tube

About AV Control Systems

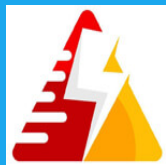

AV Control Systems, incepted in 2022 and based in Pune, Maharashtra, specializes in the manufacturing and supply of high-performance industrial automation products. The company has swiftly made its mark by providing cutting-edge solutions to enhance the efficiency and control of various industrial processes. With a focus on reliability and performance, AV Control Systems has built a strong foundation in the industry, catering to the diverse needs of its clients.

The company offers a broad range of Siemens Drives, including the 5HP Siemens AC Drive, S120 Siemens Servo Drive, and S71200 Siemens Programmable Logic Controller, to name a few. These drives are designed to provide seamless integration and superior control in industrial applications. The company's selection of Siemens drives supports precision, scalability, and robust functionality, ensuring reliable performance in diverse operational environments.

In addition to drives, AV Control Systems provides a comprehensive selection of temperature controllers. From the DC1040 PID Temperature Controller to the Eurotherm PID Temperature Controller, the company offers solutions to ensure precise temperature regulation, vital for maintaining process efficiency and stability across industries. Each controller is designed with advanced features to meet the demands of modern industrial setups.

AV Control Systems is also known for its range of electrical actuators and modulating motors, including Siemens Aluminium Rotary Damper Actuators and AME 25SD Danfoss Electric Actuators. These products ensure smooth operation and reliability, making them an integral part of industrial automation systems. The company further supplies the MS300 Delta AC Drive, Belimo Motorized Control Valve, and GT50 Kromschroder Servo Motor to enhance the overall functionality of its automation offerings.

Founded by Mr. Aniket Waghmare, AV Control Systems has rapidly gained a reputation for delivering top-tier automation solutions. The company remains dedicated to innovation, providing customers with products that enhance operational efficiency. AV Control Systems is committed to expanding its product range while maintaining a strong focus on customer satisfaction and long-term business relationships.

Factsheet

Basic Information

Nature of Business	: Manufacturer / Supplier / Exporter / Distributor / Retailer
Contact Person	: Mr. Aniket Waghmare
Registered Address	: Flat No G 2, Ground Floor, Gurukrupa Terrace, Chandhan Nagar, Pune, Maharashtra
Total Number of Employees	: 20 - 50
Year of Establishment	: 2022
Legal Status of Firm	: Individual (Sole proprietorship)
