### Commodities from the House

Our commodities include a vast variety of footwear namely socks. We make socks for one and all. Our range includes socks for babies, women, and men. Our supply extends to the police force guarding Tamil Nadu.

Socks are an integral part of ones clothing. Without proper fit and comfortable socks one would not be able to wear shoes and comfortably walk, run and go about their daily chores. So the socks have to be of good quality, material and make. It should not be pinching on the toes. So we have come up with designer and printed socks and socks which are made of pure cotton which is the most healthy and desired option given the hot and humid summers of the Indian subcontinent.
