About Bright Indotech Private Limited

Established in the year **1977**, we **Bright Indotech Pvt. Ltd.** Formerly Known As Bright Industries, Bawana, are well organized **Manufacturer, Exporter, Wholesaler, Trader, Retailer** of a wide range of Rubber Products and also provides high grade products with OEM solutions to various companies. Our range is widely acclaimed for high tensile strength, wear & tear resistance, high adhesion, excellent binding capacity, long lasting and versatility. These are used by various industrial and commercial applications. The product range includes Nitrile Spacer, Industrial Seals and Millable Polyurethane Wheels.

We are backed by dedicated professionals who work efficiently to provide a quality range of rubber products along with customized solutions to our clients. With our professional approach, scheduled delivery and advanced technology, we have built a strong client base with clients from Gulf countries and several other nations. Apart from this, we have also been able to meet the bulk requirements of our clients and have enabled us to produce 8 lakhs of units per month.

Under the guidance of our Founder, **Mr. Amit Kumar Yadav**, we are consistently progressing in our domain area. Our transparent business dealing has helped us in gaining a commendable position in the international market.

Our Team

Team is an innate strength of the organization that continuously works to attain organizational goals. Our aim is to attain the top position across the globe by maintaining high standards of quality products and customer satisfaction. We are backed by various professionals that includes:

Engineers Designers Technicians Quality controllers Research staff Warehouse personnel

Our engineers work tirelessly during the production process to ensure a flawless range of rubber seals, rings and other rubber products. The quality of our product range is carefully checked by our experienced quality controllers to ensure international quality standards. We also have support of researchers who are capable of understanding the specific needs of our clients. Further, our warehouse personnel help in the safe storage of our products.

Why Us?

We are able to fabricate a wide range of rubber seals, rings and other rubber products in the most precise and perfect manner. This has helped us to maintain a strong client base in Gulf countries and various other nations. Some of the other reasons for our success are as follows:

High quality standard products. Complete in house testing facilities, rubber compounding and well equipped tool room. Latest technology based machines for development & production. Comprehensive range of products for automotive and non-automotive industries. Prompt delivery schedules.
