About Man Lifting Solutions

A newly-formed company based in Krishnagiri (Tamil Nadu), we, **BVS ENTERPRISES**, are engrossed in manufacturing and supplying a qualitative range of material handling equipment. Our product range comprises belt bucket elevators, box-type coil cars, chain pulley block coil tilters, crane load cells, double girder EOT cranes, drum pallet trucks, floor type coil cars, hydraulic passenger lifts, machine room lifts, manual stackers, MRL elevators, pillar type coil cars, pneumatic conveyors, powered pallet trucks, and many more. Apart from these above-mentioned products, we perform loading and unloading services of packaged goods & materials in various warehouses. We lift goods from the storage sites and place them on a ramp or transport them for shipment.

We design and develop all of our material handling equipment by taking into account the prevailing industry trends and market needs. We make sure that all of our products are manufactured by using quality-approved materials only. The range of equipment that we offer goes through strict quality checks performed by our expert quality testing specialists before being brought to the market. We ensure the perfect finishing and excellent performance of our equipment even after several years of use. Our loading and unloading services are perfectly performed by a hardworking professional team that is highly careful about the safety and proper shipment of the goods.

We have installed the necessary machines in our manufacturing facility and this empowers us to cater to the specific demands of our customers. We, **BVS ENTERPRISES**, are committed to delivering the best quality products and services at affordable rates, and that too within the shortest possible time.
