About Chennupati Polymers

Chennupati Polymers was established in the year 2015 in Andhra Pradesh, India. We are a manufacturer and supplier of disposable plastic food containers, plastic sweet boxes and a lot more.

Our team of quality personnel supervises the entire manufacturing procedure and simultaneously conducts various tests to ascertain that our products possess quality and finishing, catering to the needs of various industries. We have earned a reputed position across the market based on our client-centric approach, quality products, prompt deliveries, pocket-friendly rates and flexible payment options.

We are well equipped with world-class infrastructure and other requisite facilities, which enable us to display exemplary production capacity. In addition to this, proper testing arrangements are set up in the quality checking unit. To obtain maximum benefit from these world-class facilities, we have employed a highly experienced team.

We are efficiently meeting the bulk orders of clients on time. Our aim is not only to meet the production deadline but also to maintain a superior quality standard for the products. We also have a sound distribution network that ensures prompt deliveries of our flawless products.

Quality Assurance

Quality is the main concern of our company which has helped us become a quality-focused player in the market. These are manufactured using high-grade inputs and resourceful technologies for bulk production within minimal time frames.

Apart from this, our quality experts analyse each stage of production based on strict quality parameters. Our quality-centric system has helped us to earn complete customer satisfaction and reputation in the market.
