About Confider Industries LLP

In the business since 2020, Confider Industries LLP is an Ahmedabad (Gujarat) based company that is engrossed in manufacturing, supplying, and exporting a wide array of food processing machinery. The offered machines are available with unique designs and advanced features & technologies that ensure high productivity and cost benefits.

At Confider Industries LLP, we are designing and engineering the machines to meet all food processing requirements efficiently. Our aim is to cater to a wide industry base with our standard and special purpose food processing machines. We also provide custom-made machines to match our customer's unique applications and specifications. Consistent innovation, integration, and improvement are the key essences of our company.

With our broad line of food processing machinery, we serve a large number of clients not only in India but also in the United States, Europe, and African Countries. We deal in double chamber pulverizer machines, automatic garlic peeling machines, dry fruit powder machines, dry fruit cutting machines, dry fruit chips machines, spice grinding machines, gravy machines, rice mills, domestic flour mills, double stage pulverizers with motor, table top flour mills, hammer pulverizer machines, flour mixing machines, potato peeling machines, vegetable cutting machines, mango pulp making machines, wet grinders, oil expellers, chili grinding machines, sugar grinding machines, and many more.

Our company is equipped with an advanced infrastructure outfitted with cutting-edge technology and advanced machines that supports us in our massive production. We are fortunate enough that we are supported by a team of professionals who have the good technical knowledge and always stay attentive to maintain and improvise the machines to increase the production rate. We manufacture our food processing machines as per the ISO and CE standards and this makes us a proud manufacturer of superior quality and precisely engineered food processing machines across the globe.
