About Divyani International Exim

Divyani International Exim was established in the year 2023 in Maharashtra, India. We are an exporter and supplier of fresh vegetables, fresh fruits and a lot more. We provide nutrition-rich, natural farm produce to consumers and ensure sustainable and fair income to smallholding farmers.

Our goal is to provide easy access to authentic and traditional food solutions to millions of people across the world. Bringing them the original taste of India – our food delicacies and specialities which they have a hard time eating away from home. You can now quickly cook up a delicious meal using our locally grown frozen Indian vegetables and fruits anytime and anywhere.

Why Choose Us?

The convenience offered by our products; helps you spend more quality time with your family rather than in the kitchen.

To accomplish our goals, we are using the latest and the best food preservation technique – IQF (Individually Quick Frozen) which instantly freezes the freshly harvested fruit or vegetables individually so that they retain the highest amount of healthy nutrients and vitamins as well as the original colour, flavour and texture.

Our major focus in R&D is to continuously improve the existing products and utilize the latest trends in food to come up with unique food concepts which are convenient to serve. For this, we have a highly-skilled, passionate team, including Food Technologists, Microbiologists and Chefs, driving our business.
