About DS Automation and Controls

Inaugurated in the bustling city of Delhi, India, in the year 2012, DS Automation and Controls stands as a dynamic distributor specializing in cutting-edge automation solutions. With a primary focus on AC drives, human-machine interfaces, and an array of advanced control systems, we have consistently strived to be at the front of technological innovation in the automation sector.

Vision:

Our vision at DS Automation and Controls is to be a key player in shaping the future of industrial automation. We aim to provide our clients with state-of-the-art technologies, contributing to enhanced efficiency, precision, and sustainability in their operations.

Mission:

Driven by a passion for excellence, our mission is to offer a comprehensive range of automation products and solutions that empower businesses to achieve optimal performance. We are committed to delivering superior quality, reliability, and innovation in every product we distribute.

Quality Commitment:

DS Automation and Controls places a paramount emphasis on quality assurance. Our products undergo rigorous testing to ensure they meet the highest industry standards, guaranteeing reliability and durability.

Client-Centric Approach:

We are dedicated to understanding the unique requirements of our clients and providing tailored solutions. Our customer-centric approach involves prompt deliveries, technical support, and ongoing assistance to ensure the success of our clients' automation endeavors.
