About Fenwick And Ravi

Fenwick And Ravi is a Bangalore (Karnataka) based manufacturing company that brings forth a superior range of industrial products. We serve as a dependable manufacturer, exporter and supplier of superior quality steady rest, clamping system, bar feeders, pull stud, spindle unit, and angular milling head. We have been making precision made, sturdy, and long-lasting industrial products available in standards sizes and specifications. We are a client-centric company; hence we also ensure to provide customization facilities to the clients for designs, sizes, materials, and other factors. We are committed to providing state-of-the-art machine tools and accessories and are determined to meet the customer expectations in terms of quality, cost, and delivery. We specialize in indigenous development and supply of critical accessories for machine tools.

Fenwick And Ravi was incepted in the year 1987, when two veteran professionals i.e. Mr. Fenwick Thomas and Mr. R. Sreekumar (Co-Founders) laid the foundation of the organization. The two possess years of experience in the machine tool and accessories manufacturing. Under their visionary leadership, the company has been growing by leaps and bounds by serving customers up to their satisfaction levels.

Industries, we serve

Our precision engineered range of machine tools, associated accessories and SPM's have gained wide acceptance in different kind of industries, and some of our esteemed clients belong to sectors like:

Automobile Defence Railways Aerospace Machine Tool Industry

Markets Covered

With rich industry experience backing our business operations, we are successfully meeting the emerging Machine Tool requirements of the market. Presently, apart from the domestic markets, we are also serving the demands of clients from countries like Italy, France, USA, Canada, Brazil, Middle-East, Australia, China, Taiwan, Thailand, and Turkey.
