About Ferco Shutters And Seating Systems

Ferco (Shutters) Is an international manufacturer And distributor of a range of doors and shutters for fire and smoke, industrial and commercial use. Over 30 years, we have grown to develop regional operations out of Dubai, Singapore and London. Today our engineers and consultants are able to provide valuable assistance from creating design solutions at the conception of the project to installation and best in class after sales service.

Set up in **1983** by Tim Barr, today Ferco (Shutters) has sales offices in **Dubai, Singapore and London** with world-class roller shutter **manufacturing** facilities in Dubai and Malaysia. We serve three broad applications - fire and smoke, industrial and commercial use. We are exclusive agents of a range products from France, Netherlands, Germany and the UK.

Both our facilities are ISO 9001:2008 compliant and we use the latest in fabrication techniques and equipment to produce our shutters. We export our roller shutters from our facility in Dubai to distributors in the Middle East, and are the first local manufacturer to obtain UL listing (tested at the UL facilities in the USA) and our factory is listed under the Certifire scheme. This is an attestation to our commitment to quality products and quality processes.

We are an international manufacturer and distributor of a range of doors and shutters for fire and smoke, industrial and commercial use. With world class products that cater to different requirements and budgets, we have been chosen by the world's best architects, consultants and contractors to work with them on prestigious projects.

Combining the resources of our manufacturing facilities in Dubai and Malaysia, our R&D department focuses on improving our current products and creating the products of tomorrow. We strive to be at the forefront of industry practices along with continuous testing to the latest regulatory standards. Given the wide berth of products and markets we sell in, we are in a unique position to cater to different client specifications and budgets.

Ferco Seating specializes in the design and manufacture of auditorium, cinema, home theatre, education and stadium seating. European design with Asian manufacturing ensures cost-effective, top quality products for customers. With a network of agents in Europe, the Middle East, Southeast Asia and the Pacific Rim, we've installed over 1,000,000 seats in over 32 countries in 30 years.
