About Firstech Solutions Private Limited

Peacock kitchen baskets and hardware refer to the components and accessories used in the construction and organization of kitchen cabinets and drawers. These modular elements enhance the functionality, accessibility, and overall efficiency of a kitchen space. Here are some commonly used modular kitchen baskets and hardware:

- Pull-out Baskets:** These are wire baskets that can be pulled out from the cabinet, providing easy access to the contents. They are ideal for storing items like fruits, vegetables, and bottles.
- Cutlery Trays:** These trays are designed to hold and organize cutlery such as knives, forks, and spoons. They help keep the utensils neatly arranged and easily accessible.
- Plate Racks:** Plate racks are used to store and display plates in an organized manner. They are available in various sizes and can be installed in cabinets or drawers.
- Spice Racks:** These racks are designed specifically to store and organize spice bottles or jars. They can be mounted on the inside of cabinet doors or placed in drawers for convenient access.
- Corner Solutions:** Corner spaces in kitchen cabinets can be effectively utilized with corner solutions like carousel units or pull-out shelves. These options provide easy access to items stored in the corners, making the most of the available space.
- Drawer Systems:** Modular kitchen drawer systems come with various features such as soft-close mechanisms, dividers, and organizers. They provide efficient storage solutions for pots, pans, utensils, and other kitchen essentials.
- Lift-up Systems:** Lift-up hardware allows for easy lifting and closing of cabinet doors, particularly for overhead cabinets. This hardware provides convenient access to the upper storage areas.
- Waste Bins:** These are special bins designed to fit within cabinets or drawers for efficient waste management. They often include separate compartments for recyclables and general waste.

Factsheet

Basic Information

Nature of Business : Manufacturer / Trader / Retailer

Contact Person : Mr. Satish Kashyap

Registered Address : 1412-1413 Modern Industrial Estate Part B, Bahadurgarh, Haryana
