About Geochem Corporation

About us

Established in the year 2009, we at Geochem Corporation are a manufacturer and supplier of Glass Bottles, Glass Jars, Silica Gel, and Container Desiccants, etc. We are based in Bangalore, Karnataka (India). Mr. Rajesh Gupta (Company Founder) has a very rich experience of over manufacturing special quality glass containers.

We create new shapes and designs of bottles to give cutting-edge benefits to the products of our esteemed clients of the Food, Liquor, Pharmaceutical, Beverages, and industries. We try to create the most sophisticated and advanced designs to suit the standard of quality of our clients in a quick time.

Containers made by us go through different stages of severe quality tests including Pressure, Thermal Shock, and Stress Tests. Our plants are using clean fuel to make sure for the unbroken power supply.

Our prime focus is safety, transparency, and traceability. A confident quality level (AQL) document is mutual with the customer to make sure of complete transparency on the quality and constancy of glass bottles and jars. Our advanced machines are rightly complemented with highly skilled, motivated, and knowledgeable glass technologists and technical personnel.

Apart from our best range of glass products, we give the best product choice for buyers who are looking to create custom designs in recycled glassware or metal. We are pompous to be among the few firms that can give wonderful production capabilities.
