Our product portfolio includes Ayurvedic herbs, herbal powders, essential oils, cold-pressed oils, handmade soaps, aroma candles, perfumes, Kumkumadi skincare products, baby care, hair care, body care items, dried leaves, and dried flowers. All products are carefully sourced to preserve natural purity, potency, aroma, and effectiveness. We work closely with trusted farmers, artisans, and manufacturers who follow ethical sourcing, sustainable harvesting, and hygienic processing practices. Herbal powders and herbs are processed using clean methods to maintain natural strength. Essential oils and cold-pressed oils are extracted using traditional and modern techniques without harmful additives. Our handmade soaps are crafted in small batches using skin-friendly ingredients, while aroma candles and perfumes offer a calming, premium sensory experience.
