

GNC Machine Technologies is known as top Manufacturer and Supplier of best Cleaning Machine, CNC and Lathe Machinery, CNC Turning Center, Filling Line and Laser Marking Machine.

Automatic Laser Marking Machine

Fiber Laser Marking Machine

Metal Laser Marking Machine

Rotary Pin Marking Machine

Barcode Laser Marking Machine

Laser Engraving Machine

About GNC Machine Technologies

GNC Machine Technologies was established in the year 2015 in Delhi, India. We are a manufacturer and supplier of rotary pin marking machines, laser engraving machines, CNC punching machines, LPG gas valve machines and a lot more. These Machines Are of International Grade and Give Excellent Performance.

Talented Team

GNC Machine Technologies brings together the world's top professional talent and technology and has highly qualified international personnel. Set from software development to hardware design, and system testing, professional and technical personnel complete technical services.

GNC Machine Technologies established 2 R&D centres, well-known institutions of higher learning and research institutions at home and abroad, working closely with national 63 patents, several core technological achievements and technical indicators at the international advanced level.

Strict Test for Machine

To ensure the quality and stability of the machine, GNC Machine Technologies uses the most advanced production and testing equipment, including a Co2 lasers meter, CNC grinding machines, scanning mirror, AC variable voltage power emulator stable, and focus system.

And we use a thermostat measuring room, 3D measuring instrument, laser dynamometers, digital bridge, and state-of-the-art equipment to check the quality and performance of our industrial laser equipment in each production step to ensure our machine's quality and stable performance.

Cost control

GNC Machine Technologies provides affordable, high-quality machines. We have the best supply-chain system for parts and components, and a solid record of quality and innovation, to prove our 20-years performance of the machine.

Factsheet

Basic Information

Nature of Business : Manufacturer / Supplier

Contact Person : Mr. Rajan Bhatia

Registered Address : Sohna More, Sector 55 T Point, Sector 23, Faridabad-, Haryana, India, Delhi

Total Number of Employees : Below 20

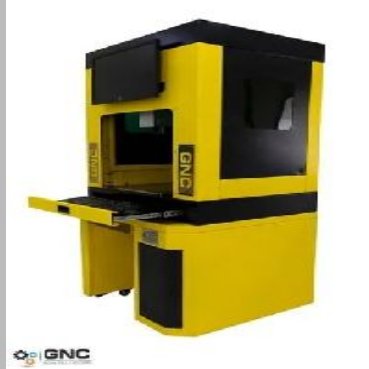

Year of Establishment : 2015

Legal Status of Firm : Individual (Sole proprietorship)

Optical Machine

Portable Laser Marking Machine

Plastic Laser Marking Machine

Metal Laser Marking Machine

Laser Engraving Machine

Fiber Laser Marking Machine

Automatic Laser Marking Machine

CNC and Lathe Machinery

Slant Bed CNC Turning Machine

Industrial CNC Lathe Machine

Heavy Duty CNC Lathe Machine

Automatic CNC Turning Machine
