## About Goldfield Weighing Solutions

Goldfield Weighing Solutions was established to solve the weighing and measuring problems of customers everywhere. We are today one of the leading companies manufacturing a variety of weighing scales that are designed to give perfect and accurate solutions. We are considered as one of the premium companies because of the perfection of our products.

People have come to trust us because of the high quality components that we use in our manufacturing process. Even the management that we undertake in our company is absolutely perfect and uncompromised.

We are backed by a team of professionals who are technically sound and have the capability of undertaking any project that is at hand. Not only the knowledge that they possess is important, equally important is their sincerity and dedication in their desire to serve our customers. This has led to the success of our company which was established in 2014 in Mumbai, Maharashtra.

Not to forget to mention the ultra-modern unit that we have. It is equipped with state-of-the-art machinery that is the latest in the field. All these factors and our ability to deliver promptly have helped us carve a niche for ourselves in the industry as one of the finest manufacturers. We hope to continue with our dedicated customers all over the countries of India, Bhutan, Nepal, Sri Lanka, Thailand, South Africa, Dubai, Iran, Indonesia, Bangladesh and the Middle Eastern countries.
