Quality Assurance

From the beginning, we have put focus on the quality of products. Therefore come a long way in the business. For Gauri Shankar Metals & Alloys, quality is the most important feature. We give top-quality products at competitive rates.

MISSION

We work with the mission of becoming a renowned provider of high-quality and trustworthy transformer elements in the country. The team looks to keep the clients, content and fully satisfied by offering them excellent products.

Our infrastructure

Our company is supported by different in-house manufacturing processes and testing services for different product kinds. All the products depend on and conformed to the available features in the world. Our products are properly tested before it leaves for final delivery.

The company is owned and managed by Mr Viresh Arora (Company Director). He has years of experience and practice to bring real success to the market.
