## About HARIOM METALS PRIVATE LIMITED

hariom metals private limited, established in the thriving city of jamnagar, gujarat, in 2023, has rapidly emerged as a prominent trader and importer of non-ferrous metal products. Under the guidance of mr. Ram niwas, the director of the company, hariom metals is dedicated to providing a comprehensive range of high-quality brass, gunmetal, copper, zinc products, and cupro nickel scrap.

our commitment to excellence is evident in our diverse product portfolio, which caters to various industries and applications. The brass products offered by hariom metals are crafted with precision, reflecting our dedication to delivering materials of superior quality and durability. Similarly, our gunmetal products exhibit the same commitment to excellence, providing reliable solutions for a variety of industrial requirements.

copper products sourced and distributed by hariom metals are known for their purity and versatility. We offer a wide range of copper materials that find applications in electrical, construction, and manufacturing industries. Our zinc products, characterized by their durability and corrosion resistance, cater to diverse industrial needs.

additionally, as a responsible player in the industry, hariom metals is involved in the import and distribution of cupro nickel scrap. This commitment to sustainable practices aligns with our vision of contributing to a circular economy and reducing environmental impact.

under the leadership of mr. Ram niwas, hariom metals private limited has become synonymous with reliability and integrity in the non-ferrous metal trading and importing sector. Our commitment to quality, customer satisfaction, and ethical business practices positions us as a preferred partner for industries seeking top-notch brass, gunmetal, copper, zinc products, and recycled materials like cupro nickel scrap. As we continue to grow, hariom metals remains dedicated to setting new benchmarks in the industry, driven by a passion for excellence and a vision for a sustainable future.
