About Hindustan Led Boards

Hindustan Led Boards, a premier manufacturer, exporter, and wholesaler of innovative LED display solutions based in Ludhiana, Punjab. Founded in 2008 by Mr. Harvinder Kumar, we have established ourselves as a leader in the industry, committed to providing cutting-edge technology and exceptional quality in every product we offer. Our extensive range of LED display boards caters to a diverse array of applications, from advertising and information dissemination to interactive engagement.

At Hindustan Led Boards, we understand the power of visual communication. Our products, including digital standees, digital signage, and kiosk displays, are designed to capture attention and convey messages effectively. Whether it's a vibrant LED video wall for large events, an LED scoreboard for sports facilities, or an interactive display that engages customers, our solutions are crafted to meet the evolving needs of businesses and organizations. We pride ourselves on our ability to create customized displays that align with our clients' unique branding and communication strategies.

Our commitment to innovation is evident in our diverse product line, which includes LED clocks, magazine display stands, and smart parking display systems. Each product is meticulously engineered using the latest technology, ensuring reliability and longevity. We also offer large-format displays, such as our 136-inch and 115-inch all-in-one solutions, perfect for any setting that requires high visibility and impact.

Quality is at the forefront of everything we do. We source the finest materials and employ rigorous quality control measures throughout the manufacturing process. This dedication ensures that our clients receive products that not only meet but exceed their expectations. As we continue to expand our footprint globally, we remain dedicated to maintaining the highest standards of excellence in both our products and customer service.
