About Index Clock

Index Clock was established in the year 2020 in Morbi, Gujarat, India. We are manufacturer of industrial wall clocks, industrial photo frames and a lot more.

Our expertise, service and exceptional customer relationship are what empower us to reach lakhs of households across the country. We believe in professing a healthy lifestyle with products designed and manufactured in India. We, as a company, believe that Innovation and Excellence are the driving forces behind our success and have helped us become a prominent name in the industry.

Index Clock is committed to preserving the planet and taking the right measures to make this world greener. For the same, the company also has set up a renewable energy source wind.

The group has achieved accolades and recognition owing to the dedication and expertise of our team.

Company Values

Index Clock started as a manufacturer of clocks in Morbi – a small district in Gujarat. With continuous efforts and technological developments, Index Clock has successfully moulded itself into becoming the most trusted and reputed brand. They have diversified themselves into three major areas – Electronics, Home Appliances & Green Energy.

Our Vision

The vision has been to contribute to the growth of the industry and cater to consumer needs day and night out. With an in-house manufacturing unit, the company takes pride in bringing about a gradual shift in the lifestyle with outstanding products.

Also, the vision has been to take India onto the world map by encouraging people to use products Made in India. This ultimately leads to meeting consumer demands, increasing trade and giving birth to new opportunities to work with the best.
