About Kelvin Plastic Private Limited

Kelvin Plastic Private Limited, headquartered in the industrious city of Rajkot, Gujarat, has been a stalwart in the plastic manufacturing industry since its inception in 1994. As a leading manufacturer, exporter, and supplier, we specialize in an extensive range of high-quality products that cater to the diverse needs of our clientele.

Our core product line encompasses CPVC Pipe Fittings, Hose Pipes, Solvent Cement, Plastic Pipes, EPDM Elastomeric Rubber Sealing Rings, PVC Solvent Cement, and SWR Drainage Systems. These products are meticulously designed and engineered to meet industry standards and provide durable solutions for a wide array of applications, ranging from residential plumbing to industrial infrastructure.

Under the adept leadership of Mr. Ankit Pathak, serving as the Senior Executive, Kelvin Plastic Private Limited has earned a reputation for excellence, innovation, and reliability. Mr. Pathak's vision and commitment to quality have been instrumental in driving the company's growth and success over the years.

With a keen focus on technological advancements, Kelvin Plastic Private Limited has consistently invested in state-of-the-art manufacturing facilities and research and development initiatives. This commitment ensures that our products not only meet but exceed the evolving demands of the market.

As a responsible corporate entity, we prioritize sustainability and adhere to eco-friendly manufacturing practices. Our dedication to quality assurance, customer satisfaction, and ethical business practices has positioned Kelvin Plastic Private Limited as a trusted name in the plastic manufacturing sector, both domestically and in the global market. We look forward to continuing our legacy of providing cutting-edge solutions and contributing to the advancement of the industry.
