## About Khan Cement Article

Khan Cement Article is an eminent manufacturer and supplier of a wide range of RCC products, interlocking bricks, parking tiles, etc. Enriched with years of experience, we are specialists in providing custom design products according to the specifications of our clients.

We are a professionally managed organization with our own manufacturing facility built in Lucknow (Uttar Pradesh). Our production unit is fitted with high-tech machines that provide better flexibility to the entire process. The utilization of advanced technology ensures cost-effective production and precision in our products. We rigidly follow a well-specified quality management system throughout the business process in order to provide products and services of international standards.

### **Product And Services We Offer:**

Our products are developed in different shapes and dimensions to meet the unique requirements of our clients. We deal in RCC benches, RCC pillars, RCC door frames, RCC window frames, RCC fancy jalis, RCC wall jalis, RCC fencing poles, RCC road dividers, RCC tree guards, RCC precast toilets, flower pots, interlocking bricks, compound walls, parking tiles, garden fountains. Besides offering these products, we are engaged in providing POP ceiling design services, false ceiling design services, and home construction services.

### **Quality Assurance:**

Quality is the key aspect that has enabled us to achieve greater heights of success and prosperity in this business. Our quality assurance plan is laid according to the industry-set standards. Our team procures the best quality raw materials like cement, stone blast, sand, etc. from established vendors and these procured components are inspected sternly upon arrival at our factory site. The manufacturing process is supervised by our highly talented engineers and skilled manufacturing personnel. We conduct stringent testing for every batch of products randomly to ensure that the entire batch is in line with predefined quality standards.

**Manufacturing Excellence:**

Our company is driven by cutting-edge technology and creative engineering concepts. We have installed the latest machines that provide top-level dimensional accuracy with reduced downtime. Our machines and equipment are regularly inspected, updated, and maintained by a team of technical specialists to perform efficiently. Incorporating our resources and manpower, we are prepared to deal with the challenges encounter on the way.

**Clientele:**

With our consistent efforts to attain excellence in the whole business process, we have been able to reach a new height in the industry. Now, we have become one of the most favorable suppliers across various industries and have maintained a sizable clientele base all across the country.
