About Kiing Kitchen Equipment

Established in 1978, Kiing Kitchen Equipment is a professionally managed organization that is engrossed in manufacturing and supplying a wide range of kitchen equipment including stainless steel gas-operated dosa plate counter types, commercial hot cases, under-counter freezers, juice machines, chapatti making machines, idli steamers, food warmers, stainless steel sinks, commercial induction cooktops, softy making machines, milk separators, sandwich grillers, meat mincers, commercial ovens, coffee making machines, deep fryers, barbecues grills, commercial mixer grinders, tandoors, fast food counters, and lot more. We, at Kiing Kitchen Equipment, are committed to bringing products of exceptional quality to the market that meet the varied requirements of our clients across the world. We supply our products to hotels, restaurants, hostels, hospitals, canteens, cafes, etc. We always stay focused and work hard to stay ahead of others by producing a unique range of kitchen equipment.

Quality Assurance:

As we are a quality-focused organization, we ensure that our kitchen equipment pieces are manufactured under the strict observation of our expert team. Our uncompromised quality and designs have given us an edge over other manufacturing companies in this industry.

Our Storage Facility:

We have a well-constructed and spacious storage unit to store a huge stock of products. We have been successfully catering to the demands of our customers by managing the supply chain even in times of emergencies. The storage unit is well-protected and well-maintained in order to keep the products away from breaking, cracking, rusting, etc. Since our inception, we have been bringing quality kitchen equipment to the market. The consistent maintenance of the quality standards of our products has enabled us to gain the trust of our customers for years.

Our Network:

We have been operating with an excellent network throughout our trade system. With the help of our strong distribution network, we have been supplying our products to various industries across the world. There is no such case when there is a failure in our network which led our customers to face any sort of problem.
