About Lenore Designs

Lenore Designs is a powerful name in the industry associated with false ceilings providing services. We are a group that specializes in providing our customers with beautifully done up false ceilings with gypsum, POP, office ceilings, grid ceilings, interior designing services and gypsum false ceiling work.

Our extensive range of ceiling work adds up the beauty and a state-of-the-art look to your offices. They are mostly in sync with commercial places to enhance the official look and give it that élan that is associated with big corporate offices.

Apart from beautifying your interiors, our false ceiling services can help to absorb sound and heat that can cause you discomfort. We do it up specially to help absorb unwanted sound to make your office that place where work can be carried out very amicably and peacefully. We have a wide range of false ceilings for you to choose from.

We also have on offer a premium range of raw inputs that we execute the false ceiling services with. You can be assured of our quality of services that come with a long-life guarantee. There is a whole range of budgets that you can choose from and avail of our services. Whatever be your budget, quality will always be topmost on our priority list and, you can remain assured that you will get the benefit of every rupee that you spend on the work. You can trust us blindly.
