About Light Up Studio

Based in Mumbai, Maharashtra, Light Up Studio is an innovative and vibrant manufacturer and service provider of different lighting products. They have been eliminating the world since their establishment in 2017. The major focus is on creating visually appealing and functional products that cater to the needs and requirements of clients across India, Australia, Dubai and the USA.

Light Up Studio specialises in designing and manufacturing a wide range of braille signage solutions. Their braille lifts jamb signage, drinking, water, braille, signage, braille, railing, signage, and steel. Tactile strips are crafted carefully to ensure complete accessibility and inclusivity for visually impaired individuals.

They also understand the importance of clear communication and are striving to make public spaces more navigable for one and all. They also take pride in their stainless steel rap bars that provide a reliable and stylish support system for different settings.

These bars or not only designed to be functional but also adds a touch of elegance to any space. They also blend seamlessly with modern aesthetics. In addition to that, they have stainless steel braille, label and fire exit LED signage that enables individuals to easily identify different objects, areas or rooms but also, plays a crucial role in emergencies.

At Light Up Studio, there are committed to delivering high-quality products, surpassing the market expectations. They also offer glass manifestation services that are one of a kind.

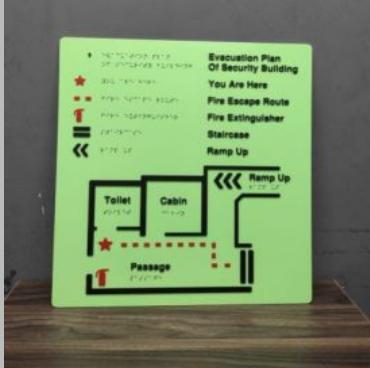

They strive to innovate and provide exceptional products and services to their clients across these countries. With their unwavering dedication to customer satisfaction and eliminating spaces and lives, they are growing one design at a time.
