

We are leading name engaged as Manufacturer, Exporter and Supplier of wide range of Industrial Plastic Pipes, Pipe Flanges, PTFE Lined Fittings, PVC, HDPE, FRP & Plastic Pipes and Valves & Valve Fittings etc...

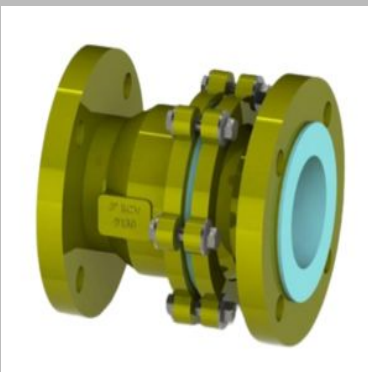

Lined Two Piece Ball Valve

Lined Three Piece Ball Valve

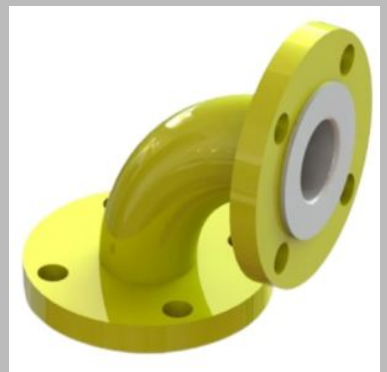

Lined Butterfly Valve

Lined Ball Check Valve

Lined Pipe Spool

Lined Pipe Elbow

About LK Polymers

Welcome to LK Polymers, a leading manufacturer specializing in high-quality polymer products, including ball valves, buttweld fittings, and lined pipes. Located in Ahmedabad, Gujarat, we have established ourselves as a trusted name in the industry. Our commitment to excellence, cutting-edge technology, and a skilled workforce have made us a preferred choice for customers seeking top-tier polymer solutions.

Our dedicated team of professionals works closely to ensure the delivery of high-quality products that meet our customers' exacting standards. We have carefully selected and recruited a team of experts who strive tirelessly to maintain a harmonious work environment and prevent disputes in the workplace. This dedication to professionalism and teamwork is integral to our commitment to delivering the best quality products and services to our valued customers.

Under the visionary leadership of our CEO, Mr. Amar Chauhan, LK Polymers has achieved a renowned position in the market. Mr. Chauhan's knowledge, commitment, skills, and ethical business strategies have played a pivotal role in our success. With his guidance, we continue to build a long list of satisfied clients and expand our presence in the industry.

LK Polymers and its affiliated companies have been at the forefront of hi-tech engineered polymer processing for over a decade. Our primary objective is to implement cutting-edge polymer technology across a wide spectrum of applications. We specialize in designing, developing, and manufacturing a comprehensive range of world-class fluoropolymer lined products, including ball valves, butterfly valves, plug valves, ball check valves, swing check valves, diaphragm valves, pipes, fittings, and other PTFE equipment, all tailored to meet customer specifications.

Our commitment to quality is unwavering, and we leverage state-of-the-art technology and machinery, complemented by a highly competent workforce, to deliver products that consistently meet the highest standards. Our manufacturing facility, spanning over 20,000 square feet in Dhamatvan, Ahmedabad, Gujarat, India, is equipped with the most advanced equipment and is staffed by more than 100 dedicated individuals who oversee every aspect of the production process to ensure the highest quality standards are maintained.
