About SKG India Products

SKG India Products was founded in the Indian state of Haryana in 2016. We supply both products and services. We offer a variety of goods, including cezer vehicle jacks, battery-powered rickshaws, and more.

We are the top producers of environmentally efficient and emission-free vehicles, making a positive contribution to society.

We firmly support the use of environmentally friendly technology. We are committed to producing shrewd, fashionable, and comfortable cars that make commuting easier while preserving the environment.

We use the most recent technologies without endangering the environment in the hopes of creating a more environmentally friendly future. Two-wheelers that we have developed can propel our present toward a sustainable tomorrow.

SKG India Products has been producing electric vehicles for ten years. We are the top producers of environmentally efficient and emission-free vehicles, making a positive contribution to society. We firmly support the use of environmentally friendly technology.

We are committed to producing efficient, fashionable, and comfortable cars that make commuting easier while preserving the environment.

Mission

We are committed to offering customers throughout the world products of the best calibre while keeping the cost down.

Vision

By adopting the best in automotive technology, we hope to rank among the top electric vehicle manufacturers.

Value

Our three main pillars, integrity, cooperation, and revolution, are what set us apart from the competition.
