About Madapuram Kali Trader

Madapuram Kali Trade came into the market in the year 2007 and in no time we became the leaders of Industrial automation service providers in the international market. Today we have clients across the globe and in many industries. We provide tailor-made automation service for each and every one of our client so that even the smallest detail is taken into consideration. We ensure that all our projects are completed within the time frame to ensure optimum satisfaction and results. Moreover our team makes sure that the services provided are of international standards and thus meet the essential levels of performance. All these reasons have contributed towards our rapid growth in the area.
