About M.Kumar Chemicals

M. Kumar Chemicals was established in the year 2019 in Ahmedabad, Gujarat, India. We are a supplier of products such as chemical powder, pastes, liquid chemical, pips oil and a lot more. We are committed to assisting industrial companies in reducing the environmental impact of their products and manufacturing processes.

Our dedication encompasses the integration of sustainable and environmental practices into our business solutions. M. Kumar Chemicals specializes in recycling and repurposing surplus inventory.

What do We do?

M. Kumar Chemicals specializes in recycling and repurposing surplus inventory. By procuring surplus chemical inventory (out of date, off-specification materials or any other reason) from manufacturing industries and matching it with relevant buyers, we provide high-quality and cost-effective inventory solutions.

Our Vision

As an eco-friendly company, we are committed to doing what is right for the environment and human society in every aspect of our business.

Whilst many companies are searching for a practical and beneficial solution for unused stocks, we provide a profitable and environmental solution for reusing and repurposing industrial materials.

Our Goals

To continue providing high quality and availability of products in the surplus market, through an extensive worldwide network. We offer you the best solution to meet your needs, with uncompromising customer care ensuring seamless, confidential and professional service, every step of the way.
