About Modi Metals

It was in 2021 that we at Modi Metals forayed into the market as the leading manufacturer and exporter of metal products. Some of the bestselling products that we offer for our clients are metal pipes and bars, metal sheets, welding consumables, etc. We are based in Mumbai and were founded by Shri Dashrath Modi, under whose guidance we have been able to thrive as a company in this competitive world.

Our range of products is known for their superior strength, longer life span and versatile applications across various sectors including Aerospace, Defence, Fertilizer, Chemicals, Petrochemical Dairy, Refinery, Oil and Gas, Nuclear Power, Solar Power, etc.

Unparalleled Metal Quality

We have been playing a significant role in the world of metal products by making, designing and supplying top-quality products at unmatched pricing. Each of our products is made to undergo a stringent quality check to ensure 100% customer satisfaction. Furthermore, we also count on state-of-the-art technology for the manufacturing of our products.

Our manufacturing facility is compliant with international quality standards and is backed by a fully-functioning quality testing laboratory to make sure the products meet stringent quality parameters. We have a strong team of proficient and trained professionals who give us support during our production procedures.

Our team is constantly striving to offer an innovative range of products that are versed with the latest manufacturing techniques. Our quality managers work in close coordination with all other team members to promise optimum quality at every level.
