About Navakar Enterprises

We "**Navakar Enterprises**" started in **2004** are a highly trusted organization of the industry involved in trading and wholesaling a desired assortment of best quality Vegetable Seeds, Field Croup Seeds, Organic Seeds, Capsicum Seeds and Cucumber Seeds. Owing to their purity, accurate composition, safe usage, and freshness; these products are extensively used.

Under the notable tutelage of our mentor, ' **Mr. Ajit Chopra** ', we have consolidated our position in this competitive market.

We spare no effort to align our business operations with the evolving demands of the agriculture industry. Further, the core principles of sustainability and liability equip us to bring forth a quality tested range of organic seeds. We aspire to discover hybrid quality seeds that boost the productivity levels of farming entities. This is why we leverage prevailing technology at our modernized R&D set up and hi-tech quality control laboratories. With an assurance of improved crop yield, we believe our proficiency to deliver products within the agreed time frame gained us confidence to become the most consistent entity of hybrid seeds.

Our Infrastructure

We have a topnotch position with our infrastructure base. It consists of all the modern and latest technology machines. Our infrastructure has been segmented into many different parts according to their work.

Our Team

We are backed by a team of dexterous professionals, which holds rich experience in this domain. Our professionals are the biggest asset of our organization and are selected after complete assessment of their skills and domain expertise.

Why Us?

Owing to our quality-approved products, we hold a strong position in this highly competitive market.

Various significant factors are as follows:

- Hygienic processing unit
- Diligent professionals
- Wide distribution network
- Competitive prices
- Client-centric approach
