About Neuron Material Science

At Neuron Material Science, we create specialised chemical, Adhesives, sealants, Metal to Rubber bonding adhesives for the complex web of industrial demands. We are innovators, not merely manufacturers and suppliers. Situated in the dynamic metropolis of Tiruvallur, Tamil Nadu, our path is marked by a dedication to quality, an enthusiasm for accuracy, and an unwavering quest for flawlessness. Neuron Material Science is a promise, not just a moniker. Our expertise is in the alchemy of industrial chemicals, powders, and greases, revitalizing sectors that drive global progress. The buzz of innovation fills our labs as we create speciality chemicals and engineering adhesives that are specifically suited to the needs of Industrial , Automotive, Defence Equipment Manufacturers (OEMs). Our dedication to going above and beyond industry norms is fundamental to how we conduct business. Every formulation that comes out of our laboratories is evidence of our commitment to meeting and beyond international and IS standards. Neuron Material Science guarantees that our solutions easily connect with the changing environment of contemporary industries, positioning us as more than just a supplier but as partners in advancement. We are best suited for difficulties. We at Neuron Material Science curate solutions rather than merely supply chemicals. Working together with clients, our team of specialists interprets their technical specifications and crafts custom formulas that meet their specific demands. Whether it's a little adjustment or a revolutionary invention, we custom-make chemical solutions that align with your goals
