About Palletech India Pvt Ltd.

Year 2022 - The journey began with Ram Shetty, Bipin Kulkarni and Sudhir Kulkarni who founded this company in India & USA. The team has collective experience of 90+ years in supply chain domain. Palletech is a fast-growing Wooden Pallet Trading company, we are here to make the supply chain more reliable and sustainable for every industry. Established in 2022, ISO & ISPM15 certified Palletech has created a new identity in the market. We are a brand with sustainability & technology. WHY PALLETECH ? Presence in India & USA Sustainable and SMART Pallets (RFID) Strongly oriented towards Safety, Compliance and Quality Pallets made up of Pinewood thats a combination of new & used wood Load Capacity Dynamics: Upto 1200 Kg (1.2 tons) Pallets Heat Treated to ISPM 15 Norms for very low moisture content Driven by Quality, Sustainability and Technology.... What is a Smart Pallet? A smart pallet is one that has an attached RFID TAG to support customers' need to track and monitor the product(s) stored on them. Why do we need smart Pallets? Pallet-level tagging enables a supply chain to remain transparent at a much lower cost. Additionally, it improves product tracking through WMS integration and handling efficiencies, leading to higher productivity. How is a pallet made into a "Smart Pallet"? Our pallets have the facility to put RFID tags on them. Once attached, they help upload information to customers' databases for increased visibility
