About Pi Technology

Company Profile

Starting its operation in the year 2019, we at Pi Technology were founded to bring world-class safety products to India. We have expertise in Explosion Vents, Circular Flat Explosion Vent, Dome Shape Explosion Vent, Rectangular Flat Explosion Vent, Rupture Discs, Forward Acting Rupture Discs, Metal Rupture Discs, Planner Rupture Discs, and Vacuum Supported Discs. We have developed Explosion vents up to 5000C temperature and for a vacuum of 0.5 bars.

Our Infrastructure

For the production of Explosion Vents by industry-laid norms and rules, we have developed infrastructure that is well-appointed and it is spread over a wide area of land. The sleek production of the products are making sure due to the systematic divisions of our infrastructure into manufacturing, logistics, quality control, and sales & marketing units

Our Team

We have a team of skilled and experienced professionals to meet the precise demands of the customers. We also make sure of the on-time delivery of the product due to our team of skilled logistics experts who hold proficiency in their area of work. Moreover, we have developed a broad distribution network that is well-connected with various modes of transportation.

Based in Vadodara, Gujarat (India), the company is owned and managed by Mr. Sandeep Chandalia (CEO). His experience and practice have helped us to achieve something better in the market.
