

We Pioneer Marine Refrigeration and HVAC are a leading and distinguished Manufacturer, Exporter, Supplier, Retailer and Service Provider of quality Compressor Parts, Compressor Spare Parts, Condensing Units, Cooling Coils and HVAC Aircondition Compressor.

Refrigerated Container Compressors 06DR241

20 Hp Reconditioned Compressor

Carrier 5H40 Refrigeration Compressors

Carrier 5h120/ 5h126 Reconditioned Compressor

Carrier 06D,DR,DA Refrigeration Compressors

Reconditioned Carrier Compressor

About Pioneer Marine Refrigeration and HVAC

A leading force in marine climate control, Pioneer Marine Refrigeration and HVAC has been shaping the industry since its founding in 2022. Headquartered in the vibrant city of Mumbai, Maharashtra, India, we offer a comprehensive range of manufacturing and servicing solutions for both marine refrigeration and HVAC (Heating, Ventilation, and Air Conditioning) systems. Our unwavering dedication to quality has established us as a trusted partner for clients across the maritime and industrial sectors.

Our comprehensive product lineup features premier options such as the 06DR241 Refrigerated Container Compressors, 20 Hp Reconditioned Compressors, Carrier 5H40 Refrigeration Compressors, Carrier 5H120/5H126 Reconditioned Compressors, Carrier 06D Refrigeration Compressors, and more. These sophisticated compressors are engineered to fulfill the rigorous demands of refrigeration and air conditioning systems, delivering efficient and dependable performance, even in demanding marine settings. Our range also includes Hermetic Scroll Compressors, Hermetic Piston Compressors, Semi-Hermetic Piston Compressors, Screw Compressors, Hermetic Air-Cooled Condensing Units, Semi-Hermetic Air-Cooled Condensing Units, Semi-Hermetic Water-Cooled Condensing Units, Piston Parallel Condensing Units, Screw Condensing Units, Air Cooled Condensers, Air Coolers, and more..

Alongside our manufacturing expertise, we are proud to provide a suite of vital services such as AC Duct Cleaning, Marine Air Conditioner Maintenance, Marine Air Conditioner and Provision Plant Repair, and AC Compressor Repair. Our team of proficient technicians and engineers is committed to maintaining your systems at peak performance, reducing downtime, and enhancing efficiency..
