We offer products like turmeric powder, coriander powder, chilly powder, chicken masala, mutton masala, sambar powder, cumin powder, fenugreek powder, curry masala powder, ginger powder, idly powder, pepper powder, rasam powder, fish fry powder, and flour of grains like wheat, corn, rice, ragi, white gram, bajra, millet, green team and many more.

About Us

All our spice and flour items get immense appreciation from people all over India for their pure taste, quality and benefits. We have been able to build a particular brand value in the international market, because of our quick delivery, quality assurance on our products, and significant customer service.

The spice and flour items offered by us are all grown naturally by efficient farmers without the help of harmful fertilisers and toxic chemicals, to maintain their purity, flavour and aroma. For producing our products, we always select the best farmers who are aware of all the latest innovative farming methods. This ensures the nutrients are kept intact in every food item.

Being a renowned supplier, we impose special care on the packaging of our every product so that they can offer a prolonged shelf-life. We have assigned quality members who look into the quality of every product before dispatching them. The storehouse where we store the spices and flour items before exporting has a balanced and well-maintained temperature.

This makes the nutrients in every food product intact. We also have the potential to supply our products in massive quantities. Hence contact Pynkily Masala & Flour Mill to get the best flours and spices with the best offers and rebates.
