## About Radhika Equipments

One of the celebrated names, Radhika Equipments is one of the fastest growing companies that are dealing in various filter parts & Equipments, Filter bags, and other such products of filtration solutions. We are a notable manufacturer, exporter, and supplier of end caps like metal filter end caps, plastic end caps, Aluminium end caps etc.; filter bags like nylon liquid filter bags, non woven filter bags, homopolymer acrylic filter bags, etc., metal venturis, metal cones, and machining components. Our mission is to provide the filtration related requirements of the customers and offer them the aforementioned range of products at a reasonable price range. Our distribution network is spread in some of the major countries like South Africa, Indian sub-continent, Saudi Arabia, Baramuda, and the Gulf countries.

Deeply rooted in Faridabad (Haryana, India), Radhika Equipments is one of the well-known fraternities that are engaged in manufacturing, exporting, and supplying the optimum quality woven, non woven bags, and much more. The company was established in the year 2018. Within a span of few months, we gained the position of a one-stop destination for woven, non woven, and other products for our customers.

### Our Manufacturing Unit

We are supported by a well-established manufacturing unit that helps us in completing the targets and consignments in a timely manner. Our infrastructure is equipped with the most technologically advanced machinery and tools that are at par with evolving practices.

### Quality Assurance

Our products are subject to stringent quality inspection and adhere to the prescribed industrial standards perfectly. This has enabled us to build a reputable position on the basis of quality and performance globally
