About Rapid Plast

Rapid Plast, located in Palghar (Maharashtra), is a well-known name in the market and is a distinguished manufacturer and supplier of packaging products for the healthcare, surgical, cosmetic, and pharma packaging industries. The product line of the company includes tablet bottles, powder jars, cream jars, round jars, HDPE jars, cylindrical jars, ointment jars, etc. Our state-of-the-art manufacturing unit, a team of sincere & skilled professionals, and strict quality control practices enable us to perform splendidly each passing year.

Our company was established in 2011 and its success is driven by its rapid growth in this particular field where it manufactures the finest quality packaging products for different industries. The products are created using non-toxic polymers which are obtained from reliable sources ensuring the quality and conformity with the set FDA (Food and Drug Administration) quality standards. Made with quality-assured materials, our products are easy to use, safe, and hygienic. Our quality experts do thorough quality checks of our finished product range. They work with absolute dedication to ensure no cheap product reaches our customers' hands.

With the smart utilization of resources and implementation of advanced technology, we are successfully meeting the needs of every customer both in terms of quantity and quality desired. We take pride to have many reputed companies associated with us as clients since our inception.

Our immense knowledge and industry expertise enables us to perform greatly in this segment. We wholeheartedly serve all of our customers all over the world with the special attention they require.
