## About Safex Inc

Established in the year 2013, Safex Inc is involved in manufacturing, supplying and exporting products like surgical instruments, hospital uniforms, Hospital Holloware and a lot more. Our anti-rust surgical instruments with non-glare satin finish successfully meet the international equipment standards. All other products that we supply to our customers are made with the use of good quality raw materials.

Our entire range of high quality based surgical and medical instruments and other products are catered to reputed hospitals, institutes and other associated establishments. We are committed to providing our prompt customer service and timely delivery schedules to achieve complete customer satisfaction.

### Why Choose Us?

Under the able and efficient guidance of our mentor, experts and professionals we have carved a niche as a proprietorship firm in the field of manufacturing medical and surgical equipment and instruments with our manufacturing unit located in Delhi, India. With our immense expertise of decades and the visionary guidance of our mentor, we have achieved wide recognition and repute in the manufacturing of anti-rust surgical equipment across the country.

Our entire products range is catered and delivered to various establishments requiring medical practices like experiments, surgeries, treatment or operations. These anti-rust surgical instruments with non-glare satin finish are widely accepted and known for their precision manufacturing performance standards in the entire medical fraternity.

Choose to deal with us and get products from us for your use today.
