About Sapson Solar System

Sapson Solar System is established in 2017 with the motive of providing high-quality solar products that transcend the expectations of our respected customers. We are in the business of manufacturing and supplying products like solar inverters, MC4 solar connectors, solar DC cables, solar inverter batteries, solar meters, solar panels, solar mounting structures, solar power distribution boxes, solar street lights, solar water heaters, solar water pumps, etc.

At Sapson Solar System, we maintain top-notch quality at the most affordable price. We always keep our commitment to investing in product design & development, implementation of advanced technology, and utilizing optimum-grade materials & necessary resources. We design our solar products by keeping users security and safety requirements in mind. All of our products are developed at par with international quality standards. Our state-of-the-art facilities enable us to increase the production rate, minimize operating costs, and ultimately maximize customer satisfaction.

Our company is blessed with a group of qualified and diligent people who have acquired a thorough knowledge of this domain and work with respect to attain the gratification of customers. Our hardworking employees make complete use of the resources available to produce an exclusive range of quality products.

Since our inception, we have tried many materials and several product designs and have also done experiments with our products. And therefore, we have come up with highly advanced solar products. We work with the intention to meet the needs of our valued customers with full dedication and perfection. Further, we strive to attain long-lasting and mutually-profitable partnerships with all our customers nationwide.

Sapson Solar System

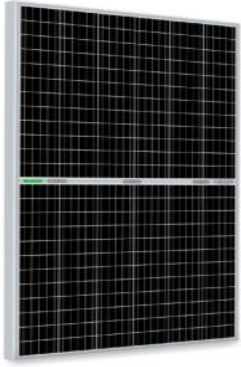

Factsheet

Basic Information

Nature of Business	: Manufacturer / Exporter / Supplier / Retailer / Trader / Distributor
Contact Person	: Ms. Sharmila Devi
Registered Address	: Kotkasim, Alwar, Rajasthan
Total Number of Employees	: Below 20
Year of Establishment	: 2017
Legal Status of Firm	: Individual (Sole proprietorship)
