About Shree optimac industries

Shree Optimal Industries, established in 2018, the company has efficiently completed 05 years as a manufacturer and supplier of ophthalmic products like Edger machinery cutter, wolf machine, twinstar polishing machine, buffer machine, screw remover, demo drill and many more. Apart from that, we also deal in diamond wheels, Cr blades, belts of machines, and parts of optical machines.

We notice our range of products from the client's point of view and apply our resources to advance a product that has all the vital makings. So, our products find varied applications because they offer resolute valuable competence at a realistic cost.

Under the supervision of our owner Bhavik M Jarasaniya our organization has established itself as one of the leading manufacturers of valuable machines.

Infrastructure

We are well managed by an excellent skill that is armed with modern technology, equipment and other devices to conduct all proceedings expertly. Our unit is supported with well-equipped features for Designing Growth, manufacturing, accruing, testing, Quality Control, Packaging and warehousing that are operated by experienced professionals.

Quality Assurance

Our Quality Management system plans exhaustive standards and dealings, which are integrated into every phase of the manufacturing procedure right from engineering to product packaging.
