

Slotan Solution is known as top Manufacturer, Supplier, Trader and Service Provider of best Color Sorting Equipment, Grain Cleaners, Grain Processing Machine, Industrial Appliances Repair service and Machinery Repairs.

All type seeds grinding machine MFG

420 V Magnetic Destoner Machine

Mild Steel Double Destoner Machine

3 HP Rice Double Destoner Machine

Mild Steel Gravity Separator Machine

20 TPH Gravity Separator Machine

# Slotan Solution

## About Slotan Solution

**Slotan Solution**, your trusted partner in the **manufacturing, supplying, and trading** of innovative agricultural machinery designed to enhance productivity and efficiency. Established in **2018** by **Mr. Chetan Kumar**, we are proud to be a **Jaggakhedi, Madhya Pradesh**-based company dedicated to providing high-quality solutions for the agricultural sector.

At **Slotan Solution**, we specialize in a comprehensive range of agricultural machinery, including Destoner Machines, Separator Machines, Seed Cleaning Machines, Grading Machines, Colour Sorter Machines, and Destoner Cum Grader Machines. Our products are designed and manufactured to meet the evolving needs of modern farming practices, offering cutting-edge technology and superior performance.

Our Destoner Machines are engineered to remove stones, foreign particles, and other impurities from a variety of grains and seeds, ensuring optimal quality and purity. With precision engineering and robust construction, our destoners deliver reliable operation and consistent results, making them indispensable tools for grain processing operations.

The Separator Machines we offer are designed to efficiently separate different components of grain and seed mixtures, allowing farmers to maximize yields and minimize waste. Whether it's separating grains from chaff or seeds from debris, our separators deliver exceptional performance and versatility for a wide range of agricultural applications.

In addition to destoners and separators, we also provide Seed Cleaning Machines that are specifically designed to clean and purify seeds, ensuring superior germination rates and crop quality. Our seed cleaners remove dust, dirt, and other contaminants, allowing farmers to plant with confidence and achieve optimal results.

At Slotan Solution, we understand the importance of precision and accuracy in agricultural operations. That's why we offer Grading Machines and Colour Sorter Machines that enable farmers to sort grains and seeds based on size, shape, and color, ensuring uniformity and consistency in their produce.

Our Destoner Cum Grader Machines combine the functionalities of destoning and grading in a single unit, offering farmers a compact and efficient solution for their processing needs. With our versatile and reliable machinery, farmers can streamline their operations and achieve higher levels of productivity and profitability.

## Factsheet

### Basic Information

Nature of Business : Manufacturer / Supplier / Trader / Service Provider

---

Contact Person : Mr. Chetan Kumar

---

Registered Address : 390, Village Sabakheda Near By Ganpati Mandir , Mandsaur Upaj Mandi  
Main Road, Jaggakhedi, Madhya Pradesh

---

Total Number of Employees : Below 20

---

Year of Establishment : 2018

---

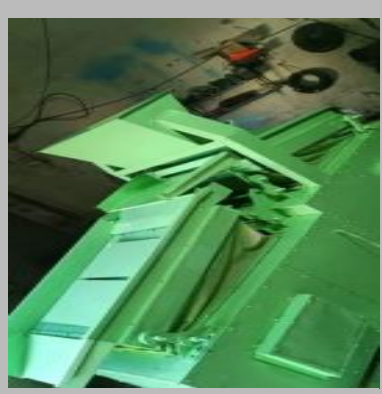

Legal Status of Firm : Individual (Sole proprietorship)

---

## Grain Processing Machine

Three Phase Magnetic Destoner Machine

Three Phase Destoner Cum Graider Machine

Semi Automatic Destoner Cum Grader

Mild Steel Gravity Separator Machine

Mild Steel Double Destoner Machine

Gravity Separator Machine

## Seed Processing Plant

Automatic Seeds Cleaning Machine

5 TPH Seed Cleaning Machine

5 TPH Seed Cleaning & Grading Machine

All type seeds grinding machine MFG

## Seed Processing Machinery

Seed Grading Machine

5 HP Multiseed Grader Machine

5 HP Multigrain Grading Machine
