## About Sun Rewaa Green Energy

India is moving toward clean energy and a brighter future thanks to Sun Rewaa Green Energy. In Surat, Gujarat, Sun Rewaa Green Energy was established in 2021 to revolutionise the solar energy industry. It is a specialised solar platform with the goal of solarizing every rooftop using its technological platform, which also gives channel partners more leverage to support India's RE goals.

### **Our Business Policy:**

We firmly believe in generating enormous environmental value while maintaining a strict commitment to client pleasure. We work carefully to provide our customers with the most cutting-edge and practical solar solutions. Over the years, we have persevered thanks to our strong work ethic, which has helped us establish a solid name in the industry.

To help us expand and eventually improve our clients' quality of life, we continue to work toward offering the most environmentally friendly and economical solutions.

We provide a comprehensive selection of products, such as Solar On-Grid Inverters(sofar,growatt,evvo,deye,waaree,panasonic), Solar Panels(Waaree,Renewsys, Premier, AXITEC,Panasonic ,Lubi Solar Modules), DEYE hybrid inverter to meet the demands of our clients and uphold our dedication to a comprehensive level of service.

### **Distribution Network:**

Our top-notch distribution network delivers our goods across the nation and beyond the world. We provide top-notch items in response to the needs of our clients across the world. We quickly established a strong reputation in the market and are now offering our clients top-notch goods.
