

Thermal Energy Solutions is known as top Manufacturer, Exporter and Supplier of best Air Preheaters, Aluminium Pipes, Boiler and Boiler Parts, Cooling Tower, Heat Exchanger & Parts and Heat Exchanger Parts.

Stainless Steel Fin Tube

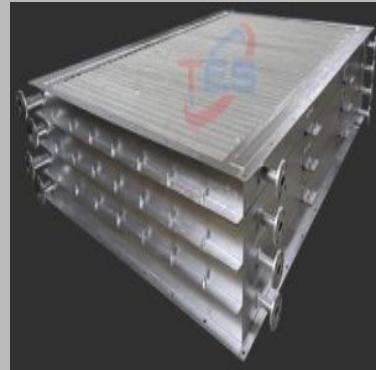

Steam Coil Air Preheater

Crimped Finned Tubes

Rice Mill Heat Exchanger

Steam Heat Exchanger

Extruded Finned Tubes

## About Thermal Energy Solutions

Established in the year **2011**, we, "**Thermal Energy Systems**" is engaged in **manufacturing and exporting** Aluminium Extruded Finned Tubes and Heat Exchangers. In our large product line we offer Aluminium & Copper Finned Tubes, Industrial Coolers and Industrial Heat Exchangers. Our numerous customers can also avail Aluminum Mono Metallic Extruded Finned Tubes, Crimped Finned Tubes, Bimetallic Aluminum Extruded Finned Tubes, Aluminum Extruded Finned Tubes, Extruded Finned Tubes, Aluminum Extruded Finned Tubes, Finned Tubes, Copper Finned Tubes and Aluminium Finned Tubes. This array of products is widely appreciated for having features like unbreakability, high efficiency, longer service life, sturdy design, easy maintenance and user-friendliness. Moreover, these products find application in various industries.

We have a developed infrastructure equipped with latest facilities and tools. This infrastructure is efficient enough to carry out all our business processes in a flawless manners. We have departmentalised our infrastructure into various segments like manufacturing, quality checking, marketing & sales, warehousing & packaging, research & development and logistic. We have installed all the latest equipment and machinery in our fabrication unit to ensure a flawless production of our range of machinery. Being a quality centric organization, we are assisted with a separate quality checking unit.

Under the able guidance of our respected mentor '**Mr. Muruganandam Kaliappan (Manager)**', we have achieved a top position in the market. He holds years of experience and expertise in the industry.

### Our Team

We are backed by a prolific team of professionals to fabricate Aluminium & Copper Finned Tubes, Industrial Coolers and Industrial Heat Exchangers. Our research and development team is engaged in innovating new and latest technology to offer more advanced products to our customers. They also focus on innovation of more cost effecting fabrication process without hampering the quality of our treatment plants. Moreover, the expert quality controllers conduct very strict tests on our array of products to offer a flawless range. We organize various workshops and training for our employees to make them aware of latest market trend.

### Why Us?

We are offering an exclusive gamut of Aluminium & Copper Finned Tubes, Industrial Coolers and Industrial Heat Exchangers. This assortment of highly appreciated for longer life, tamper proof nature and robust construction. We follow a transparent business policy in every sphere of our operation. In addition to this, we follow stringent quality policies to assure a perfect range of products to our customers.

## Factsheet

### Basic Information

Nature of Business	: Manufacturer / Exporter / Supplier
Contact Person	: Mr. MURUGANANDAM K
Registered Address	: 141, Balaji Nagar, Chennai, Tamil Nadu
Total Number of Employees	: 51 - 100
Year of Establishment	: 2011
Legal Status of Firm	: Individual (Sole proprietorship)

## Heat Exchanger Parts

Stainless Steel Finned Tubes

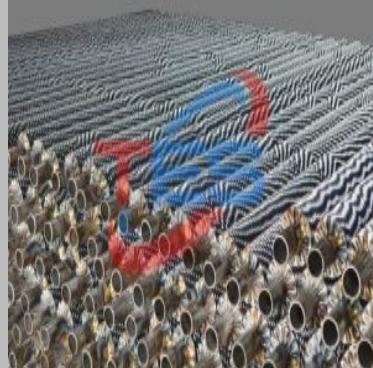

Spiral Finned Tubes

Mild Steel Finned Tubes

Finned Tubes

Crimped Finned Tubes

Aluminium Finned Tubes

## Heat Exchangers

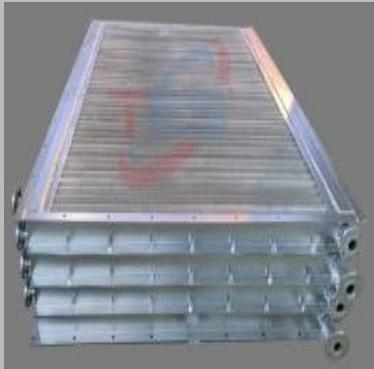

Thermic Fluid Heat Exchanger

Industrial Heat Exchanger

heat exchanger

finned tube heat exchanger

Air Cooled Heat Exchanger

## Heat Exchangers

Tea Dryer Heat Exchanger

Rice Mill Heat Exchanger

Paddy Dryer Heat Exchanger

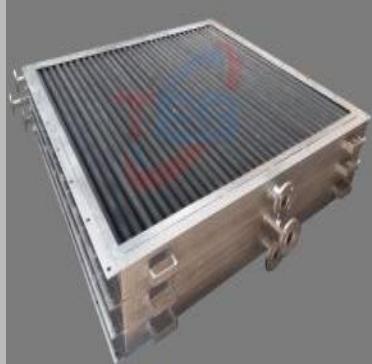

Air Heat Exchangers

## Radiators & Radiator Accessories

Thermic Oil Radiator

Steam Radiator

Stainless Steel Thermic Fluid Radiator

## Cooling Tower, Heat Exchanger & Parts

Stainless Steel Fin Tube

Aluminum Fin Tubes

Air Cooled Heat Exchangers
