About Tissue Culture Solution

Welcome to Tissue Culture Solution, the best spot for healthy tissue culture plants and lots of botanical surprises. Started in 2021 and at Faridabad, Haryana location, Tissue Culture Solution offers good quality tissue culture plants.

We ensure that our group sticks to good quality rules and laws in growing plants. This makes sure you have strong plants without disease and with good genes.

About Us

Our leader, Mr. Anand Bajaj's work and everyone working together have helped us reach goals fast in a little time.

We are happy with our large collections of plants made in a lab. Choose from the G9 Banana Mother Plant, Tissue Culture Banana Ex Agar Plant, Primary Hardened Banana, Hardened Banana and Potato Tissue Culture.

Get some nice Aglaonema, Alpinia, Money Plant, Peace Lily, Philodendron, Rubber Plant and Syngonium to make your home more complete and beautiful.

Make a relaxed and nice-smelling place using Red and White Sandalwood Plants.

Enjoy the sweet taste of fruits like Papayas, Figs, strawberry, pomegranate and lemon. Also, enjoy Mini Tuber Potato Plants. These plants make your food taste better.

Our business, Tissue Culture Solution, helps you find the best plant options for your gardens.

Join Tissue Culture Solution to find a world of great tissue culture plants and special botanicals that help grow a better life.
