## About V. B. Coir Products

V. B. Coir Products, located in Eluru, Andhra Pradesh, has been a prominent player in the industry since its establishment in 2013. Under the dynamic leadership of Mr. P Rama Raju, who serves as the CEO, our company has emerged as a trusted exporter and supplier of a diverse range of products that cater to agriculture, construction, and environmental sustainability.

Our core offerings include Sterilised Coir Pith, Natural Coir Pith, Brown Coco Peat Compost, and Natural Coco Peat Compost, all of which are derived from the eco-friendly and renewable resource, coconut coir. These products are widely used in horticulture and agriculture for their exceptional water retention and nutrient-holding properties.

In addition to coir-based products, we also provide Coir Pith Blocks, Rice Husk Ash, Concrete Admixture, Vermicompost Fertilizer, Glass Bottle Cullet, and Cullet Glass Scrap. Our commitment to quality is reflected in our sourcing and manufacturing processes, ensuring that our products meet international standards.

V. B. Coir Products is deeply committed to sustainability and environmental responsibility. Our products, such as coir pith and vermicompost fertilizer, promote eco-friendly farming practices that benefit both crops and the planet. Furthermore, our supply of rice husk ash and concrete admixture supports the construction industry in creating durable and environmentally conscious structures.

With a dedication to customer satisfaction, competitive pricing, and timely deliveries, V. B. Coir Products has built a strong reputation in the market. We aspire to continue being a reliable partner for businesses across various sectors, contributing to agricultural growth, sustainable construction, and environmental conservation.
