## About Varun Enterprises

Varun Enterprises is a chemical manufacturing company that has pursued its business ideals in keeping nature intact. Today with the entire world doing their bit to prevent global warming, we as a company are doing our bit to make use of natural raw materials. We are a company that is conscious of nature and trying our best to reduce pollution. We try our best to make use of natural products in the manufacturing that goes on at our plant in Bahadurgarh (Haryana) In order to maintain the quality and quantity of our supply, we maintain a steady flow of production. As a company that is creative and nature-conscious, we fuse the blessings of nature with scientific technology to manufacture our products. Along with this, the originality of our products has ensured our dramatic rise to the top since we incepted in 1998. The production activity of Varun Enterprises is founded on the basic principles of the renewable and sustainable social cycle that we strive to uphold in our company. We make use of premium quality raw materials to manufacture value-added products that we distribute all over the globe that is regarded as one of the best in the line. Along with our chemicals, we also offer activated carbon in various forms, alum and blue pigment and UV chambers, Here in this segment, also we commercialize and distribute pure and quality products. Our service is customized to meet the specific demands of every customer. And Mr. Varun Aggarwal goes all the way in ensuring the best for all our customers.
