About Vedanshi Chemicals Private Limited

In view of the increasing atmospheric pollution and the increasing number of ailments in people today, Vedanshi Chemicals has come into the market with its wide array of cleaners and detergents. We have in our portfolio of products liquid toilet cleaners, floor cleaners, laundry detergent and black floor cleaner liquids.

We manufacture our liquid cleaners from the best chemicals that are available in the market. We have a state-of-the-art in-house laboratory where all the chemicals are tested before the process of production begins as well as after the finished products are made. Every batch is tested separately so that we can be extra sure that all the products that we release into the market are of superior quality.

After production, our products are suitably packed into safe and secure containers and packing systems so that they are spill-proof finally when they reach our end-users – our customers. We have them packed into convenient containers of various specifications, whichever is suitable for the needs of our customers.

We at Vedanshi Chemicals assure every customer that what we sell is of the purest and the strongest type so that when you use them, you too can be assured that your family is safe and protected. We are very confident that what we sell is very genuine and our customers will be 100% satisfied with what we have to offer to them.
